Balanced complementary feed composed of essential oils & ascorbic acid

- ✓ **Mucolytic & Expectorant**
- ✓ **Decongestant**
- ✓ **Anti Bacterial**
- ✓ **Antiviral**
- ✓ **Anti Fungal**
- ✓ **Reduces Heat Stress**
- ✓ **Reduces Mortality**

...because healthy animals generate healthy profits

B-ESSENT

oral liquid

Composition per liter:

Eucalyptus oil	100 000 mg
Menthol	50 000 mg
Oregano oil	10 000 mg
Thyme oil	10 000 mg
Ascorbic acid	10 000 mg

Laboratory and field trials/research has shown that certain essential oils have shown to improve poultry performances, in terms of daily gain & FCR.

It is observed in research trials that essential oils are good alternatives for AGPs and can help reduce antibiotic usage.

Indications:

Eucalyptus oil has a relaxing effect on muscles of the respiratory system and guarantees good ventilation of the air sac. Menthol has relaxing and cooling effect but also prevents infection in the respiratory tract and relieves throat irritation and nasal congestion. Oregano oil has antibacterial and antifungal effect. Thyme oil minimizes damage by oxidative stress and improves immunity. Ascorbic acid improves heat resistance, carcass quality, carcass weight and reduces mortality.

Administration: (All animals)

1 to 2 ml of B-ESSENT per 10 liter of drinking water Or by spraying: 200 ml per 10 liter of water for 20 000 birds. Shake well before use. Administer only diluted in water.

Storage:

Store in a cool place, protected from light.

Presentation:

1 & 5 litre
